I. WORK PROCESS

1. User (Front-end) :

Buyers can use system for:

- Before login:
 - ✓ View Product List
 - ✓ View Detail Product
 - ✓ View About Us
 - ✓ Search product by name / author / publisher / categories
 - ✓ Add product to Cart
 - ✓ Login
- After login:
 - ✓ Logout
 - ✓ View user detail
 - ✓ Checkout Order
 - ✓ Tracking Order
 - ✓ Rate/Review product
 - ✓ Update user detail
 - ✓ Send feedback

2. Admin (Back-end)

Admin must login first to manage system to manage accounts.

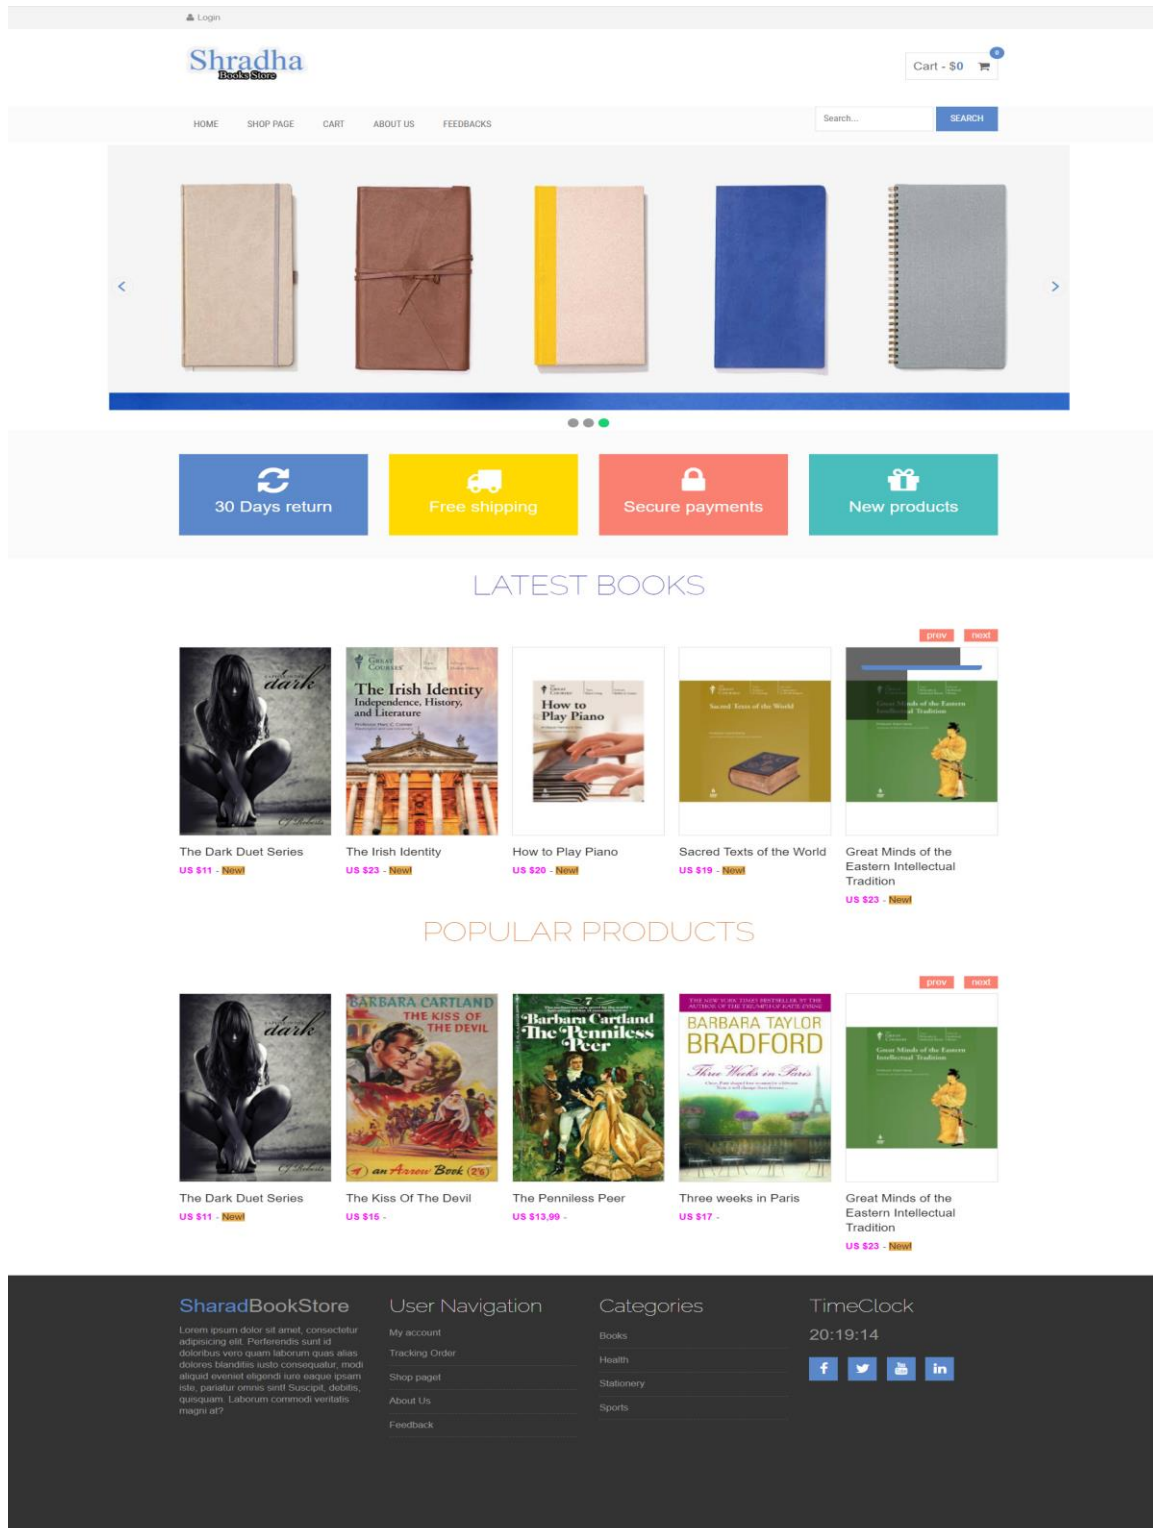

- Logout
- User manage:
 - ✓ View user
 - ✓ Activated/ Disable use account
- Product manage:
 - ✓ View product list
 - ✓ Search product by name
 - ✓ Add new product
 - ✓ Update product
 - ✓ Delete product
 - ✓ View list categories/publisher
 - ✓ Delete categories/publisher
 - ✓ Add new categories
 - ✓ Add new publisher
- Order manage:
 - ✓ View list of pending orders
 - ✓ Accept/reject the order
 - ✓ View completed order
 - ✓ View orders are being delivered
 - ✓ View list denine order
 - ✓
- Feedback manage:
 - ✓ View feedback list
 - ✓ Reply feedback

- Banner manage:
 - ✓ View list banner
 - ✓ Add new banner
 - ✓ Remove banner

II. GUI DESIGN

1. User Interface

1.1. Home Page: Introduce the website with the navigation bar links.

Product Description

The charming red-haired girl Fenella Lambert has been in love with her handsome cousin since childhood. When Lord Peregrine Corbury returned from the battle of Napoleon's army, he was in a difficult situation. It is she who comes up with a daring solution to help him restore his entire estate - even though the answer is that the person he loves will marry another woman. Together with Peregrine, Fenella embarked on an adventure filled with more danger than ever

1.4. About Us page: Some information about Shradha Book Store and programming team.

ABOUT SHRADBOOKSTORE

The thirst for learning, upgrading technical skills and applying the concepts in real life environment at a fast pace is what the industry demands from IT professionals today. However busy work schedules, far-flung locations, and unavailability of convenient time-slots pose as major barriers when it comes to applying the concepts into realism. And hence the need to look out for alternative means of implementation in the form of ladder approach. The above truly pose as constraints especially for our students too! With their busy schedules, it is indeed difficult for our students to keep up with the genuine and constant need for integrated application which can be seen live especially so in the field of IT education where technology can change on the spur of a moment. Well, technology does come to our rescue at such times!! Keeping the above in mind and in tune with our constant endeavour to use Technology in our training model, we at Aptech have thought of revolutionizing the way our students learn and implement the concepts using tools themselves by providing a live and synchronous eProject learning environment!
